# Damage Orders

It is important as a Cupboard manager to manage damages received in your Cupboard from troops. All damages are done in **CASES**. Troops should print out their confirmation letter from GSHCC Customer Care and provide that to you for your records. *Please note this is a different from shortages/overages.*

- **Damage Orders** – Damages from your Cupboard are processed in full cases. If you find a damaged case in your delivery, you will accept the delivery and enter this as a damage in Smart Cookies
  - If there are only a few damaged packages in a case, you may repackage undamaged inventory to create a full case to offer to troops. Please try to use undamaged cases for repackaging
    - Repackaging will be even more helpful towards the end of the sale when your Cupboard is running low on varieties that are no longer being restocked
  - Troops may bring individual damaged packages or packages that cannot be sold (half-filled packages for example). You may replace them with undamaged packages from a case that has already been damaged out
  - If a troop brings damages to you and you do not have a case of that variety damaged out, or you have a damaged case with no undamaged packages, you will take a case from your inventory and damage it out. That case can then be used to replace future damages
  - If troops do not have their printed email for exchanging damages, be sure to write a receipt after you have verified they received the email (they can show you on their phone)

- Inventory discrepancies should be resolved within 1 week of the troop's Cookie Drop event as some varieties are not restocked closer to the end of the cookie program. If you have the inventory after this time frame, you can still help rectify.

Enter a Damage Order:
1. Log in to Smart Cookies (abcsmartcookies.com).
2. Go to **Orders**; click **Damage Order**.

3. Enter the varieties you are damaging out.

4. Enter notes about the damage to help with record keeping in case of inventory discrepancies. For example, you can enter "troop 99999 Mega Drop damage" or "damaged inventory at time of delivery"

5. Click **Save**.

Please note: If you experience a major damage at time of delivery (eg. A whole pallet of cookies was damaged at delivery) please contact GSHCC immediately so we can ensure you have adequate inventory.

Receipts: If a troop exchanges a damage and does not print their email, be sure to write a receipt. Include troop number and date. Notate if they exchanged cases (1) or

packages (2). Notate that it was a **Damage** (3 or 4). Keep the white copy and provide the troop with the yellow copy.

MONEY ᴬᴺᴰ/ₒᵣ COOKIE RECEIPT
(IMPORTANT: BE SURE TO WRITE TROOP NUMBER ON ALL RECEIPTS)
