

Smart Booth Divider

You can easily distribute booth inventory equally among girls using the **Smart Booth Divider**. Using the Smart Booth Divider to distribute booth cookies is highly encouraged as it minimizes errors and helps track your troop’s sale trends at booths. GSHCC recommends using the Smart Booth Divider as opposed to processing a Transfer Order. You can distribute after each booth sale or you can distribute all sales at the end once your booth sales have concluded.

Distributing by Individual Booth Sales

1. Go to **Booths**; click **My Reservations**.
2. A list of scheduled sites will populate. You may have multiple pages.
3. Scroll to right and click the three dots next to the desired booth site.
