2020 Girl Scout Camp
WHERE GIRLS
find... INDEPENDENCE. FRIENDS. FUN. DIRT. ADVENTURE.
2020 Girl Scout REGISTRATION OPENS FEBRUARY 1 AT 8AM! • GIRLSCOUTSHCC.ORG/CAMP
DEAR PARENTS OF FUTURE GIRL SCOUT CAMPERS

Howdy! My name is Shelby Sever (Fox, at camp) and I am the camp director at GSHCC’s Camp Menzies. If you’re reading this, it means you haven’t immediately flipped to the program pages yet—so you may have some hesitation about your investment in your girl’s camp experience. That’s totally okay! Camp is a big thing to dive into for the first time. But it is worth it! I’m a firm believer in all things camp. Camp can show your girl she is capable of anything. Camp can teach your girl about herself in ways she could never learn in other areas of her life.

You see, when you give your girl the gift of camp, you’re not just giving her a fun vacation away from home. You give her the chance to grow in a new environment and the opportunity to meet older Girl Scout role models and camp staff that truly want to see your girl become the best version of herself. You give her the chance to become someone she never even knew she was capable of being.

You give her the chance to stretch those independent legs of hers and start running with a sense of excitement and fun. You give her grit and gumption. You give her curiosity and empowerment.

I see a lot of incredible things happen at camp. I think of the girls who sit on the end of the dock at our early morning polar bear plunge. They want to challenge themselves, but they are scared or nervous. Then they hear their counselor sitting right next to them giving them encouragement and offering to take the plunge as a team! You should see the look of pride on those girl’s faces when they emerge from the water, chilly but stoked. I think of the girls who barely spoke on day one, absolutely crushing it at a solo performance at final campfire. I think of the girls who started as Counselors-in-Training (CITs) who are now full-fledged leadership mentor staff. I think of the girls who were so homesick day one, only to find themselves never wanting to leave by day five.

There’s so much that can happen at camp. Your girl can learn how to make a film at a day camp. She can summit a mountain on an expedition. She can get her first bullseye at Camp Menzies. She can do anything, but she has to get the chance first.

All of these moments, all of these opportunities your girl has to grow, is what will make her into a strong and unstoppable woman. Camp give girls courage, helps them build confidence, and inevitably grow their character. Camp helps girls unplug from the world around them, to reconnect with themselves.

Camp will change your girl in beautiful and incredible ways, so thank you for making the investment in her future by sending her to camp. I look forward to having the absolute honor of meeting some of your kiddos this summer, and cannot wait to see what our 2020 season will hold!

Peace, Love, and Bug Spray,

Shelby Sever

Challenge by choice
Girls are invited to participate voluntarily in each of the various activities and challenges at camp. A girl may choose to sit out of an activity or participate in an alternative way. This choice is respected by other campers and camp staff.

Girl-led
Girls are incorporated into decisions made about camp activities, such as all-camp events, meal planning, themes, etc. Girls are encouraged to share ideas and opinions. Staff support girls that want to take initiative in stepping into a leadership role.

Consent culture
At camp, everyone respects others’ personal spaces and girls are taught how to properly ask for consent when entering personal space of another camper.

Safety
Camp Menzies is accredited through the American Camp Association (ACA), which means that the camp meets all the national industry-accepted and government-recognized standards regarding health, safety, and risk management aspects of camp operations.
Camp Menzies is a beautiful wooded property located just down the road from Big Trees State Park in Calaveras County at 5,500 foot elevation. The property facilities include:

Girlscoutshcc.org/camp
Trailblazer programs are designed for Seniors and Ambassadors (or campers entering grades 9-12). At the start of these programs, knowledgeable camp staff are there to guide the girls through a journey of learning, challenge, and growth. Toward the end of the programs, camp staff take a step back and move into a supporting role as campers step into leadership roles, put their skills into practice, and choose their trail (at camp and in life). The campers in the trailblazer program help staff set the tone in the camp environment and often serve as role models for the younger campers, playing a major role in the mentoring magic that happens at camp. Whether they are cooking meals for camp, building structures for future campers, climbing rock faces, or leading younger campers in activities, the trailblazers are building skills that will last them a lifetime and exemplifying what being a Girl Scout is all about.

Our CIT/WIT programs are specifically designed as progressive learning experiences for girls to learn and grow their leadership skill set. Communication, problem solving, group facilitation, and program planning are just some of the many skills participants will learn and put into practice. With the guidance of camp’s leadership mentor staff, CIT/WIT campers will work their way through the three-step program to be able to plan and lead their fellow campers in day-to-day camp activities. Camp Menzies is a safe and supportive environment in which girls can try new things and fail, only to improve and one day get their dream job. Who knows? Maybe they may even end up working at camp!

### Counselor-in-Training (CIT)*

They will work with their leadership mentor to create a scheduled rotation so they can gain experience in every area of camp, such as waterfront, kitchen, patch’n’go, archery, all-camp events, campfire, etc. In this program, girls will discover their passion for which area of camp is the best fit for them, while still getting to experience time with other CITs and WITs during fun activity periods.
