March 20 - Cookie Program ends
Wednesdays, 6-7 p.m. - [Q&A session](#) (check [Rallyhood](#) for full schedule, as dates may change)

Cookie Drops

Did your service unit submit a request for a Mini Drop? You should have been contacted by our delivery agent to confirm an appointment before the holiday break. Please be sure to share Mini Drop information with your troops.

If your service unit attends a GSHCC Mega Drop, please ensure you recruit at least 10 volunteers from your service unit for the event. Registration information will be shared with you soon. Girl Scout Cadettes, Seniors, and Ambassadors may volunteer, with adult supervision. Troops are highly encouraged to provide their own Loader for the event, but it is not required.

Participation Requirements

Troops wishing to participate in the 2022 Girl Scout Cookie Program must meet the following requirements:

- Two leaders with a cleared background check, who are registered for MY22
- One cookie manager with a cleared background check, who is registered for MY22
 - TCM must complete training and submit a [Volunteer Position Agreement](#)
- At least two registered girls
- Not in New, Forming, or Transitioning troop status
- Active bank account
 - [ACH Authorization Form](#) required, if troop did not participate in 2021 product programs or bank information has changed since then
 - Note: If a troop participated in the 2021 cookie or fall product programs, they should NOT submit the form—GSHCC already has their information on file.
- Remember to check the Troop Eligibility Report in the service unit Dropbox to verify readiness.

Troops who do not meet registration requirements will not be uploaded to Smart Cookies.

Girls must be registered for MY22 in a troop that meets participation requirements. They must also complete a [Cookie Permission Form](#) online or turn in a paper copy to their cookie manager.

Smart Cookies

Service unit users have been added to Smart Cookies. Troop users will be given access on January 10. Girls will be uploaded beginning January 10, but will not have access until January 14. Troop uploads will occur every Tuesday and Thursday, and girl uploads will occur Mondays, Wednesdays, and Fridays. This means if troops or girls meet eligibility requirements after the initial upload, they will be added on the following scheduled upload date.

Does someone need a registration link resent? Check out our [Just in Time Training](#). Troop users are also able to resend links to girls as well.

ACCESS SMART COOKIES

Booths

Remember to enter booths in Smart Cookies by January 10 for troops to access them in the Lottery. You may enter booths after this date, but troops may not have access to select booths for the booth rounds, depending on timing.

Help & Resources

Additional program information can be found at www.girlscoutshcc.org/cookies and in [Rallyhood](#). Please contact Customer Care should you have any additional questions. Customer Care can be reached by calling 916-452-9181, emailing customercare@girlscoutshcc.org, or using the chat option on [our website](#).

We are excited to have you with us through this cookie program!
