

Life Skills• Daisy Badge Blueprint

Zinni Petal

Purpose of Petal:

Purpose of Badge: When a Girl Scout earns this petal, she understands what it means to be considerate and caring.

Supplies needed: Paper and supplies for drawing (i.e. crayons, markers, colored pencils)

Step 1: Learn what it means to “be considerate and caring”.

*Optional: Log onto VTK or use the Daisy Guide to Girl Scouting to read Zinni’s story and talk about how Zinni showed she is considerate and caring.

Open a conversation about what it means to Considerate and caring. What does each of these words mean? How does it feel when we choose to be considerate and caring? How do we feel when others are considerate and caring? How do remind ourselves to be considerate and caring?

Step 2: Share your Story!

Draw a picture of three ways you can be considerate and caring in different settings (at home, with your troop, outside, etc.) and share your picture with your troop, friends, and/or family.

Step 3: Practice being considerate and caring.

Post the picture of three ways to be considerate and caring as a reminder. Make a promise to try your best to do these every time you have the opportunity!

Congratulations! You have now earned the Zinni Petal!

Remember, the Volunteer Toolkit Online has more activities to explore and is a great resource for planning meetings.
