

CIT Camp Programs

Communication, problem solving, group facilitation, and program planning are just some of the many skills participants will learn and put into practice. With the guidance of the virtual camp staff, CIT participants will work their way through the three-step program to be able to plan and lead their fellow campers through virtual workshops. Who knows? Maybe one day they'll have the chance to work at camp!

- Fee: \$0 for girl members
- Entering Grades: 9-12

CIT's are allowed to sign up for as many or as few sessions as they wish.

CIT's are required to attend the Counselor in Training session on June 7-11, 2021.

Upon completion of the virtual CIT program, CITs will have a retreat at Camp Menzies on August 5-8. CITs will be able to experience a weekend at camp, all to themselves!
