

## Service Unit Training and Networking

Join new and experienced service unit volunteers and GSHCC council staff at one or more of these special training and/or networking opportunities. Each new Service Team member needs to attend Service Team Basics. We encourage all service team members to attend at least one networking event during the year. There is no fee but please register so we can plan accordingly. **Register online at [girlscoutshcc.org/Activities](http://girlscoutshcc.org/Activities).**\*

### Service Team Basics

Service Team Basics is for new and experienced adult Service Team members in all positions. Review service team functions and best practices to foster a welcoming and supportive service unit for troop volunteers. Get updated on processes and procedures and how your role fits on the team.

Service Team Positions will be reviewed in breakout groups for the five core service team positions:

- Service Team Coordinator
- Treasurer
- Troop Mentor
- Recognitions Coordinator
- Event Coordinator

*Please Note: Product Program Managers will be provided specialized training by the product program department prior to the start of the respective programs*

### Service Team Networking

Get together with service team members from throughout the council to discuss key issues, share ideas and provide feedback to council staff through thoughtful discussions, presentations and brainstorming sessions. Each session will include a presentation on any new or upcoming procedures or guidelines as well as additions to the National Program Portfolio and resources for leaders along with other seasonal topics. This is a great opportunity for teambuilding within your service team. Meal and snacks provided during each session.
